

Kairos Creations Theatrical Stage Blood
(“Original”, “Aged”, “Bright”, Standard and Pumping formulations)

SECTION 1. IDENTIFICATION

Product Name: Kairos Creations [“Original”, “Aged” or “Bright”] Theatrical Stage Blood

Synonyms: “Pumping” Blood

Manufacturer: Kairos Creations LTD.

Address: 13 Logan Court, Sylvan Lake, Alberta, T4S 2P4

Emergency Phone: 1(587) 436-3008

Alternative Phone: 1(403) 302-1107

Fax: n/a

Chemical Name: n/a

Product Use: Simulated blood and injury effects for film, television and theatre.

SECTION 2. HAZARD IDENTIFICATION

Not regarded as an environmental or health hazard.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredient: No ingredients classified as hazardous.

SECTION 4. FIRST-AID MEASURES

Eyes: Remove contact lenses from eyes before rinsing. Promptly rinse eyes with saline/eye drops from available eye wash station and seek medical advice. Continue to rinse for at least 10 minutes. If eye wash station is unavailable, flush with water.

Skin: Wash skin with soap and water.

Ingestion: Do not induce vomiting. Rinse mouth thoroughly with water. Drink plenty of water. Seek medical assistance if sickness occurs.

NOTE: NEVER MAKE AN UNCONSCIOUS PERSON VOMIT OR DRINK FLUIDS.

Inhalation: n/a

SECTION 5. FIRE-FIGHTING MEASURES

Product is not flammable.

SECTION 6. ACCIDENTAL RELEASE MEASURES

No adverse health affects expected from the clean-up of spilled material. Poses little or no immediate hazard. Spillages can be rinsed away with warm water or covered with absorbent material (example: sand or granulated sugar) and swept up.

SECTION 7. HANDLING AND STORAGE

Handling: No specific handling/usage precautions noted.

Storage: The shelf life of the product depends upon the conditions in which it is stored. For best results store sealed and uncontaminated in cool conditions out of direct sunlight. Once opened store as an organic food product.

Other Precautions: This product is non-hazardous but if contaminated may, in time, ferment and produce gases which will build up pressure in the container.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls: n/a

Ventilation: n/a

Respiratory Protection: n/a

Eye Protection: n/a (Safety glasses/goggles if desired)

Skin Protection: No specific skin protection required. (Latex/Nitrile gloves if desired)

Other Protective Clothing or Equipment: None required.

Work Hygiene Practices: Consider best practice.

Exposure Guidelines: n/a

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Red liquid.

Odour: Slight peppermint aroma.

Physical State: Viscous liquid.

pH AS SUPPLIED: n/a

pH (Other): n/a

Boiling Point: n/a

Melting Point: n/a

Freezing Point: n/a

Vapor Pressure (mmHg): n/a

Solubility in Water: Soluble

SECTION 10. STABILITY AND REACTIVITY

Stability: Stable under normal conditions.

Conditions to avoid (Stability): Avoid excess heat for prolonged periods.

Incompatibility (Material to avoid): n/a

Hazardous Decomposition: n/a

SECTION 11. TOXICOLOGICAL INFORMATION

Likely Routes of Exposure: Inhalation Skin contact Eye contact Ingestion

Toxological Information: May cause irritation or discomfort if ingested, or in contact with skin soft tissue or eyes. No specific health warnings about the product.

SECTION 12. ECOLOGICAL INFORMATION

Ecological Information: Not regarded as ecologically dangerous.

SECTION 13. DISPOSAL CONSIDERATIONS

Waste Disposal Method: Dispose of all wastes in accordance with federal, state and local regulation requirements.

SECTION 14. TRANSPORT INFORMATION

Product is not classified as hazardous for Road, Rail, Air, or Sea transportation.

SECTION 15. REGULATORY INFORMATION

U.S. Federal Regulations: not classified.

State Regulations: not classified.

International Regulations: not classified.

SECTION 16. OTHER INFORMATION

The ingredients contained within this product are known to be safe and commonly used. The formulation allows it to be washed away effectively using only soap and warm water, if necessary, without staining or irritation to the skin. Under reasonable conditions of use it is unlikely to cause any adverse reactions. Do not swallow, use on broken skin or delicate tissue. If used inappropriately it must be rinsed from the affected area as soon as possible.

On fabric: Launders out of most fabrics. May be difficult to clean from leather or porous surfaces/materials.

Other: Can be diluted with water, though likelihood of staining may increase.

Date of Latest Revision 01/21/19

Note: This document provides the minimum information elements for an SDS required by Schedule 1 of the Hazardous Products Regulations (HPR) (WHMIS 2015)
